

INVENTION TITLE

GAS PUMP HELPER

INVENTOR'S NAME:

WILLIAM HENRY (US CITIZEN)

2718 PARKRUS LANE

JACKSONVILLE, FL 32208

TEL # (904) 764-9773

ABSTRACT OF THE DISCLOSURE:

THE GAS PUMP HELPER IS USED TO HOLD THE GAS PUMP TRIGGER IN A UPRIGHT ON POSITION. THIS REPLACES THE NEED FOR A PERSON TO CONTINUE TO HOLD THE PUMP TRIGGER WHILE PUMPING GAS. THE GAS PUMP HELPER IS MADE OF ACRYLITE MATERIAL. ATTACH TO THE BACK OF THE GAS PUMP HELPER IS A MAGNET, WHICH ALLOWS THE GAS PUMP HELPER TO STICK ON THE INSIDE OF THE GAS TANK FLAT. THE GAS PUMP HELPER IS VERY USEFUL FOR A OLDER PERSON OR USEFUL WHILE PUMPING A LARGE AMOUNT OF FUEL.
